

EXTEND THE USEFUL LIFE OF YOUR CRITICAL ASSETS

OVERVIEW

With Syclops you are only **3 clicks** away from;

- Document and information storage of your most critical asset.
- 3D model of your facility and its systems.
- Real time sensor information.

Customer Testimonial

"With Syclops, we really do have a continuous connection to our buildings. We can build an institutional knowledge base to troubleshoot any plan properly. We can take a virtual walk through our building and check-in on our assets. It's completely changed the way we think about our buildings."

– Syclops Customer, Norm Long, HavTech CEO

OUR MISSION

WHY

Streamline access to your building information to just 3 clicks.

WHAT

3D model, document and information storage, notes, work orders, events. Tying information to assets.

HOW

Participate in our beta program today at no cost. Provide address, drawings, utility information, email to contact and we will respond.
